

INCM was judged the best Publishing, Information and Graphic Art company in 2009

On behalf of the INCM community, on the 2nd of November the President of the Board of Directors received the 2009 prize for the Best Company in the category of Publishing, Information and Graphic Art as part of an initiative organised by Exame magazine, part of the *Impresa* group.

This prize formed part of the "*500 Best Companies*" initiative organised annually by *Exame* and was presented during a ceremony held for the occasion, at which INCM was represented by the President of the Board of Directors, Estêvão de Moura and by Board Member José Toscano.

After receiving this award in 2001 and 2002, eight years later INCM has once again clinched the top spot in the ranking of companies in the sector. A large proportion of this honour is a result of the strategic restructuring process that was started around four years ago, involving a clear commitment to new technologies, staff qualifications and the physical and electronic security of their products and processes.
